

Worcester Facilities

Since the 19th Century the area known as Diglis - once just meadowland alongside the River Severn - has been a thriving place of life and work. Today, while retaining many historic features such as the Victorian dock, basins and warehouses, we are creating a new community in this fabulous waterside location. And it's all just south of Worcester city centre

Members lounge

Relax in the welcoming reception and lounge area now serving 'Lavazza' coffees, cappuccinos, lattes and speciality teas with snacks available.

Climate-controlled fitness arena

PF2 has chosen 'state of the art' Fitness equipment. The research behind the equipment will ensure that you gain the highest quality workout. Our understanding of members needs is second to none. To ensure your comfort, the latest air-conditioned system is in operation. To enhance your entertainment, an audiovisual system will allow you to personalise your experience.

Activity studio

A selection of classes are available, bringing you the latest routines and exercise regimes, including the latest Les Mills International Programmes.

Personal assessments

Goals and targets are a vital part of health and fitness to gain maximum health benefits. Our fully trained staff will guide you through the correct levels of training with care and attention.
